Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133).
- Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Claim Objections

1. Claim 20 is objected to because of the following informalities: "said heat sink" in part c should be "a heat sink". Appropriate correction is required.

Claim Rejections - 35 USC § 103

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claim 20 is rejected under 35 U.S.C. 103(a) as being unpatentable over Kinsman et al., hereinafter Kinsman (U.S. Patent 6,159,764), previously cited, in view of Sakai et al., hereinafter Sakai (U.S. Patent 5,294,750), a newly cited reference.

Kinsman discloses in figure 1C a semiconductor package manufacturing process comprising the steps of electrically connecting the active surface of a die 74 to a plurality of leads 78; adding encapsulant to an upper mold for sealing the die and one portion of the first surface of the plurality of leads; and attaching a heat sink 88 to one portion of the second surface of the leads.

Kinsman does not disclose the heat sink is entirely exposed on its outer surface.

Sakai discloses in figure 1, a heat sink 1 is entirely exposed on its outer surface.

Therefore, it would have been obvious to one of ordinary skill in the art at the time of the

Art Unit: 2814

invention to expose the heat sink of Kinsman structure in its entirety so it would radiate heat in greater amounts by direct heat transfer.

Allowable Subject Matter

4. Claims 1-19 are allowed.
5. The following is a statement of reasons for the indication of allowable subject matter:

The primary reason for indication of allowability of claims 1-19 is the inclusion therein of the limitation that of a semiconductor package with the lead and the heat sink configuration, which is added in the amendment filed on 4/21/03, and as stated in those claims.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

Art Unit: 2814

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
